

IG3 Vision

For our IG this year, we would like to focus more on fellowship and bonding within and outside of bible studies. CCF's main purpose is to be a fellowship in which the members can get to know each other on a deeper level and encourage each other to grow in their Christian faith. Building a comfortable and safe environment for everyone to confide in, no matter our age or stage of life, is important to us. Sometimes, there can be a bit of formality between the different years, but we're all brothers and sisters in Christ wanting to deepen our relationships with God; together, we can motivate each other to develop good habits to ensure we stay rooted in God's Word and keep each other accountable.

Our goal as an IG is to build our relationship with God; this is through encouragement of fruitful habits, exploring the Word together, and sharing our journey in faith as brothers and sisters.

Relying on God instead of ourselves in hard times may seem difficult, but staying connected to God in our daily life will remind us to go to Him first, as in Isaiah 41:10, God says to:

"Fear not, for I am with you; be not dismayed, for I am your God; I will strengthen you, I will help you, I will uphold you with my righteous right hand." - Isaiah 41:10

We would also like to emphasize the importance of prayer as it is our way of communicating with God directly and connecting with Him. As well, through praying for each other, we can show our love to others, establish trust, and grow closer to each other.

Some activities we are planning to include are hangouts outside of CCF with our IG, such as studying or getting food together as a group. We might also want to do devotions once a week so we can mature spiritually together. To get to know each other better, we are planning to put some deep and some simple questions in a bowl before going around in a circle to answer them.

We hope that as part of IG3, we can grow together in Christ's love and deepen our bond in him and with each other.
