

We envision IG 7 as a community where brothers and sisters in Christ from all stages of faith, can unify to fellowship that cultivates spiritual growth.

As CCF is a big fellowship, we want IG 7 to be a space where we can have casual, but also deeper spiritual bonding. While it won't be possible for everyone, we hope to create a space where we can have long-lasting friendships beyond CCF, a safe community to share and be vulnerable with one another. We want everyone's opinions, voices, and thoughts to be heard and no one will be neglected in IG 7. University is also a time when students can take ownership of their faith through fellowship and the church. So we hope IG 7 can become a place where both men and women can find support, and where people can be vulnerable with each other. We also want our IG to be a place where we can grow together in faith, building each other up as leaders and participants who will influence others in the future, just like what it says in Hebrews 10:24-25:

*24 And let us consider how to stir up one another to love and good works, 25 not neglecting to meet together, as is the habit of some, but encouraging one another; and all the more as you see the Day drawing near.*

We want to implement prayer and sharing by emphasizing its importance in all parts of our fellowship, reserving sufficient time for sharing and prayer after every meeting. To cultivate an environment where we can be vulnerable with each other, we want to facilitate activities and conversations that help us get to know and bond with one another. Whether this is having late-night talks that expand upon topics from CCF meetings, or just a space to talk about or faith walks outside bible study. Furthermore, we aim to organize casual hangouts such as board games night and food tours outside of CCF, extending fellowship and the Christian community outside of Friday nights. By extending fellowship outside of Fridays, we hope to foster accountability by reaching out to all of our members, even when life gets busy and regular attendance might become difficult. We also aim to extend fellowship outside of our IG, recognizing that our IG is not an exclusive environment and fostering unity within CCF by connecting with other IGs through collaborative Bible study or hangouts. We can also reach out to men and women for deeper and relatable sharing and accountability.

Ultimately, we envision IG 7 as a safe and welcoming space that fosters growth by extending fellowship outside of Fridays and challenging our IG to be vulnerable with each other in deeper conversations.
