

We believe the role of Men's ministry is to **foster Christian brotherhood that lasts beyond the scope of CCF.**

The ministry serves a community of brothers over their journey in University and CCF. The main goals are to care for the needs of brothers, and encourage brothers on their journey of faith. We are glad to see a resurgence of brothers committing to the ministry and opening up to one another, after COVID pushed many activities online. At this point, we see a need to foster stronger connections between brothers that are rooted in Christ. This is in line with our instruction to meet together and encourage one another

not giving up meeting together, as some are in the habit of doing, but encouraging one another—and all the more as you see the Day approaching.

Hebrews 10:25

The Bible contains many examples, e.g.

If one falls down, the other can help him up. But it is bad for the person who is alone and falls, because no one is there to help.

Ecclesiastes 4:10

Where we see it is beneficial for brothers (and sisters) to practise the above.

While brothers have always been open to discussing topics ranging from theology to sports games, we see a hesitance in sharing their struggles or discussion applications. There is a disconnection between head knowledge and response.

In the coming year, we aim to bring both together; most topics will be covered twice, with emphasis respectively on how we are *commanded* to act and how we can make these personal *changes* in our lives.

So whether you eat or drink or whatever you do, do it all for the glory of God.

1 Corinthians 10:31
