

Nathan and Miranda's Vision for Investment Group 8

As leaders, we want to create a space where spiritual growth, genuine connection, and Christ-centered community flourish. Our vision is to build an environment that:

- Cultivates Deep Relationships through intentional pairings (T-Card swaps), one-on-one check-ins, and meaningful conversations about real human struggles, especially during our more intimate IG nights.
- Strengthens Faith Practices by encouraging scripture memory, fostering reverence for God's Word, and leading Bible study discussions that emphasize life application—modeled by our own openness and vulnerability.
- Nurtures a Culture of Prayer with anonymous prayer cards collected throughout the week, allowing members to be prayer warriors who support one another consistently.
- Encourages Service Together through volunteering opportunities that allow us to live out our faith beyond the walls of our fellowship.
- Builds Generational Discipleship by inviting senior CCF members to teach, share experiences, and exemplify a faithful walk with Christ.
- Reflects the Early Church's example by modeling a community authentically devoted to prayer, fellowship, and mutual care—especially sharing meals together, building a spiritual family..

Ultimately, we desire our group to be a place where scripture comes alive, prayer is central, and authentic relationships form a strong foundation for discipleship and witness.
